

Jackelin Hernandez

Undergraduate Student at UCLA

About me

A current undergraduate student at UCLA.

Strengths

- Hard-working
- Eye for detail
- Statistical Analysis

Interests

- Tennis
- Puzzles
- Dancing
- Violin
- Board Games

EDUCATION

Sep 2022–present | **Bachelor of Science in Statistics & Data Science**
• University of California, Los Angeles 🏛️
UCLA

RELEVANT COURSEWORK

- Data Analysis and Regression • Design and Analysis of Experiment • Statistical Models
- Linear Algebra • Calculus

CLASS PROJECTS

- 2025 **Stats 140XP**
GROUP MEMBER • UCLA 📍
- Conducted exploratory data analysis (EDA) on LAPD traffic collision data to identify patterns and trends.
 - Developed research questions based on insights from the EDA.
 - Applied statistical models, using R, to analyze data and draw meaningful conclusions for each research question.
 - Compiled and presented results in a comprehensive report, relating findings to external sources.
- 2025 **Stats 101B**
GROUP MEMBER • UCLA 📍
- Performed daily data collection within a simulation structured to mimic real-world participant activity.
 - Designed an experiment and used R to create statistical models and plots to interpret results.
 - Compiled and presented results in a comprehensive report, relating findings to external sources.
- 2024 **Stats 101A**
INDIVIDUAL • UCLA 📍
- Cleaned three data sets using Python.
